

PrimiOtic™

From the Primate For the Primate!

The Next Generation In Probiotic Science

What is PrimiOtic™?

PrimiOtic is a novel, non-human primate origin bacterial probiotic, featuring *Lactobacillus reuteri*.

Why is PrimiOtic Unique?

Unlike traditional probiotics, the *L. reuteri* in PrimiOtic has been harvested and cultured from the gut of a non-human primate. This strain specificity allows the *L. reuteri* to colonize the intestinal tract of the non-human primate.

Why is *Lactobacillus reuteri* beneficial?

Lactobacillus reuteri is a natural inhabitant of a healthy GI. *L. reuteri* secretes reuterin, which has antimicrobial properties against pathogenic bacteria, such as Salmonella, while keeping the normal gut microflora in tact. *L. reuteri* also modulates and enhances the immune system.

How does PrimiOtic work?

Primate intestinal microflora is easily imbalanced by stress, medications, disease, dietary changes, and research protocols. PrimiOtic can help support and normalize the gastrointestinal flora to maintain a healthy balanced gut and improve digestion.

What does each tablet contain?

PrimiOtic contains 1.25 billion CFU of live *Lactobacillus reuteri* in a highly palatable strawberry flavored, easy to dose tablet. By providing a source of live *L. reuteri*, PrimiOtic provides natural fortification of the gastrointestinal tract.

Product# PB100-30 PrimiOtic™, Primate Probiotic, Strawberry Flavor, 5 gm Tablet, 30 Tablets/Jar

Feeding Directions:

<1 kg primate ¼ tablet daily
1-2 kg primate ½ tablet daily
3-10 kg primate 1 tablet daily
>10 kg primate 2-4 tablets daily

Note: If non-human primate is on antibiotic therapy, administer PrimiOtic 4-6 hours after antibiotic dosage.

Recommended Storage:

Refrigerated
PrimiOtic contains live culture, which is sensitive to heat and moisture.

Shelf-life: 6 months from date of manufacture

Ingredients: Sucrose, Dextrose, Strawberry Flavor, Yeast Culture, Hydrolyzed Yeast, Calcium Silicate, Magnesium Stearate, Dried Lactobacillus Reuteri, Fermentation Product, Soybean Oil, Sodium Aluminosilicate
